---

---

**INSTRUCTIONS:**

**Answer Question ONE and ANY Other TWO Questions.**

---

---

**QUESTION ONE**

- a) Answer all of the following questions. Please do not exceed a page for each question.
- i) Explain briefly Taylor's scientific management principles. (10 marks)
  - ii) Explain briefly the relationship between theory and research (two paragraphs only). (10 marks)
  - iii) Discuss your understanding of human relations approach in education administration. (10 marks)

## **QUESTION TWO**

Discuss your understanding of the concept of theory and its importance in education administration and explain its application in education. (35 marks)

## **QUESTION THREE**

In order for Educational Administration to make sense, it has to have an organizational structure that enables all the stakeholders to have a clear understanding of purpose of education: You have been given the responsibility to set up a school or college, discuss some of the basic elements you need to keep in mind. Please explain as clearly as possible your project (school or college). Please keep in mind that there are some basic organizational structural elements that have to be put in place for the school to function. You can demonstrate your answers with drawings. (35 marks)

## **QUESTION FOUR**

Explain your understanding of accountability and clarify the purpose of accountability for school administrators and teachers. In your answer, discuss why this is an essential element in school administration. In your response explain why school administrators should create collective expectation among teachers concerning nation's accountability criteria. (35 marks)

## **QUESTION FIVE**

Discuss the basic principles of education administration for a contemporary learner which form the basic foundations for strong leadership? (35 marks)

**--END--**
